

A1

Trim to this line for A1

File Name: J:\Highways\Integrated Transport\Traffic Calming, Anslow - D6734T3 CAD\Disciplines\WIP\1 Live Dgs\D6734T-R01-02-03 - Anslow Traffic Calming GA.dwg
Layout Name: R01-03

- Notes**
1. This drawing is to be read in conjunction with the feasibility study report.
 2. Each of the proposed double chicane locations have been subjected to a vehicle swept path analysis in either direction using the max. legal length (UK) articulated vehicle (16.5m). Exact positions for the double chicanes on Main Road will need to be determined based on the actual farm machinery swept paths as witnessed on site.
 3. The current design is on Ordnance Survey (OS) mapping. A topographical survey will be requested for the proposed double chicane location (on Main Road) once feedback has been received.
 4. All of the existing road markings are to be refreshed within the scheme extents as part of the works.
 5. The speed limit gateway relocation on Main Road will be subject to a TRO.
 6. The proposals will need to be subjected to an independent road safety audit and lighting assessment.

- Key**
- Proposed solid white lining
 - Proposed 30mph roundel marking
 - Proposed 'SLOW' markings
 - Existing speed limit terminals to be relocated
 - Proposed speed limit terminal signage
 - Proposed chicane
 - Proposed red / white reflective bollard
 - Proposed back to back keep left / keep right bollard
 - Existing gully
 - Proposed gully
 - Proposed illuminated sign post
 - Proposed sign post
